502877

RGB colour lighting

- Remote control
- 11 fixed colours
- 5 automatic programmes
- Dimension: Ø290 mm
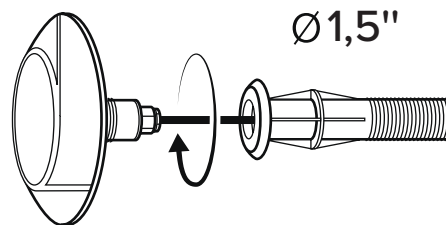

| **600** LUMENS | **90** LED | **16** WATTS |

Compatible with all types of pool where installing a conventional projector could cause leakage problems

Easy, safe installation thanks to in-ground pool installation kit included

Easy to install:

The rear of the plug has a 1.5'' male thread, to make it easier to install, as no specialist tools are required. You just need a wall fitting with a 1.5" vacuum fitting at the end, and then screw the rear part of the flat SEAMAID projector into it by hand.

Ø1,5"

IP68 | 120° | UK CA | CE | III | ~12V(AC) / 20V(DC) VOLTAGE | 2-YEAR GUARANTEE | NORME RoHS

Did you know?

Initially sold with a white crown, it also exists in 7 other colors and metal platted. Match the crowns to the colour of the pool to delight your customers!

Installation recommendations:

It is important to check the compatibility of the vacuum fitting before finalising installation. Certain models equipped with a stop thread are not suitable.
