

# VERDON ES

## FUNCTIONALITY FOR ALL POOLS

### SIMPLE AND RELIABLE

Verdon ES pumps are a simple solution for pumping the water of any pool. Single speed pumps to be easily installed due to their already included fittings and easy access electrical box. And ensuring reliability at the core of the pool, as any AstralPool pump.

### FOR ALL POOLS

Available in a wide range of powers for single-phase and three-phase motors, Verdon ES adapts to any pool size. A pump that can service any residential pool, delivering from 7 to 31 m<sup>3</sup>/h. In addition, it withstands all common chemical treatments, including salt water chlorination.

### EASY MAINTENANCE

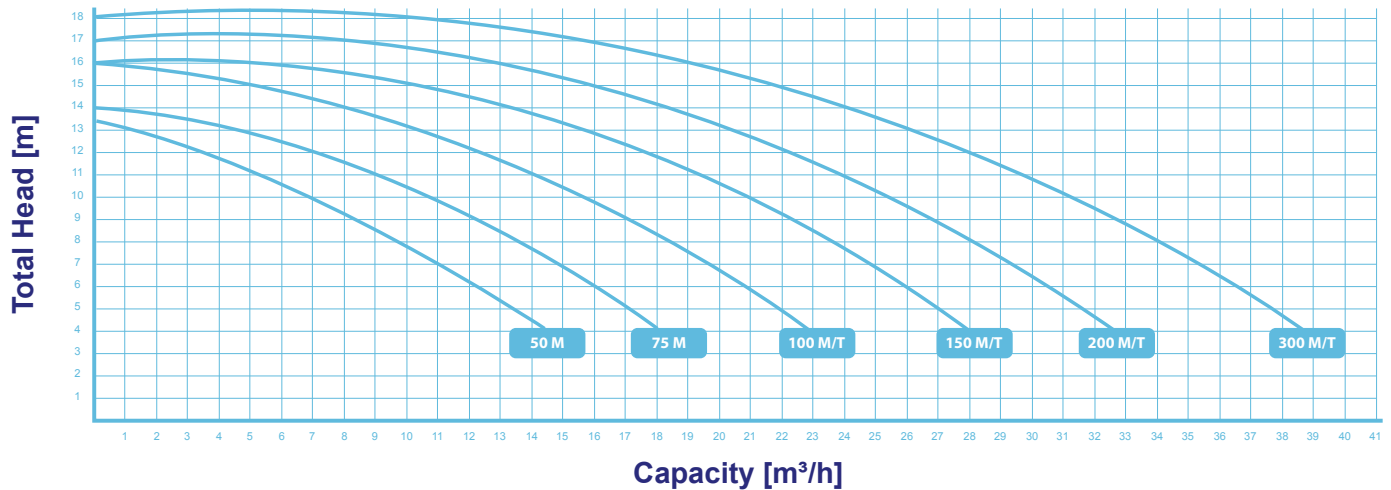

Thanks to its 3 liters high capacity pre-filter, maintenance comes easier. It allows to have a good flow for longer and lowers the maintenance frequency.

ASTRALPOOL PUMPS. EXCELLENCE AT THE HEART OF THE POOL.

# TECHNICAL FEATURES

CODE	MODEL	Voltage	Capacity	Head	Max. Head	Max. Capacity at Head=4m	Motor Rated Output	Max. Absorbed Power	Pipe Size	Standard weight	Standard volume
